Traffic and Parking Regulations

2017 - 2018
TRAFFIC AND PARKING REGULATIONS

Ample parking for the Gettysburg College Community is available at several lots on campus. Please refer to the map on the reverse side of this brochure to locate these in areas. In order to avoid conflicts with the Gettysburg Borough, College community members are encouraged to park in the Gettysburg City limits. All drivers must have a Gettysburg City parking permit. All parked vehicles must clearly display parking space markings for maximum efficiency. Please park well within those marked spaces. All vehicles that are not marked for parking are not designed to handle parked vehicles. It you have special needs or a disability that requires your vehicle to be parked in a location other than what is marked for parking, please submit a written request to the Department of Public Safety. It is expected that all drivers of motor vehicles drive their vehicle safely on roadways and in parking lots without regard for the rights and/or safety of others or damaging property. If you need to a campus building, please contact Public Safety for guidance. The Traffic and Parking Hearing Officer will review all appeals within an average of two weeks of the appeal date and will determine if the appeal has a valid basis and/or a legitimate issue. Appeals that have no valid basis of legitimate issue will be denied and returned to the appellant. An appeal is brought in pursuance of a traffic citation, and any fees related to that appeal will be charged to the student appealing. Appeals for violations of traffic laws, fictitious license plates, and uninsured or unregistered vehicles will not be accepted.

Parking Regulations may be adjusted during the year to accommodate construction projects. Advanced notice will be given to the College Community.

PERMITS – Winter parking permits are available February 15th through April 30th, seven days a weekish. A valid driver’s license and a completed application form must be submitted to the Department of Public Safety. The fee for the permit is $100.00 per academic year.
