Gettysburg College Women’s Center serves as a hub for social justice leadership and activism around women’s and gender issues, providing students with knowledge, experiences, and resources to be informed leaders, advocates, and change-makers on campus and beyond. The Women’s Center is located in the Women’s and LGBTQ+ Resource Center in Apple Hall, and is a relaxed, friendly, growth-oriented venue for students to hang out, relax, study, have meetings, or host events. The Women’s and LGBTQ+ Resource Center is staffed every day of the week during the academic year with student office assistants who are able to assist students with gender, sex, safety, relationship/sexual violence, bias, or health questions and concerns.

Mission

The Women’s Center’s mission is to enhance the academic achievement, career aspiration, and personal development of all who identify as women at Gettysburg College. We are committed to creating a safe, equitable, and inclusive learning environment in which all people can be successful regardless of age, race, color, religion, ethnic or national origin, gender, sexual orientation, gender identity, gender expression, or disability.
