Summary Plan Description

Gettysburg College Tax-Deferred Annuity Plan
INTRODUCTION

Gettysburg College (the “College”) originally established the Gettysburg College Tax-Deferred Annuity Plan (the “Plan”) in 1978 to help you and other Employees save for retirement.

The College has restated the Plan by signing a complex legal agreement – the Plan document - which contains all of the provisions that the Internal Revenue Service (IRS) requires. The restated Plan is effective as of January 1, 2009. The Plan document must follow certain federal laws and regulations that apply to retirement plans. The Plan has been amended in 2010 to comply with certain recent legal changes. The Plan document may change as new or revised laws or regulations take effect. The College also has the right to otherwise modify the Plan at any time. You will be notified about changes affecting your rights under the Plan.

This Summary Plan Description (SPD) summarizes the important features of the Plan document, including your benefits and obligations under the Plan. If you want more detailed information regarding certain plan features or have questions about the information contained in this SPD, you should contact the College. You may also examine a copy of the plan document by making arrangements with the College. Certain terms in the SPD have a special meaning when used in the Plan. These terms are capitalized throughout the SPD and are defined in more detail in the DEFINITIONS section of the SPD. If any information in this SPD conflicts with the terms of the Plan document, the terms of the Plan document – not this SPD - will govern.

All dollars contributed to the Plan will be invested either in annuity contracts or in mutual funds held in custodial accounts. The agreements constituting or governing the annuity contracts and custodial accounts (the “Individual Agreements”) explain your rights under the contracts and accounts and the unique rules that apply to each Plan investment which may, in some cases, limit your options under the Plan. For example, the Individual Agreement may contain a provision which prohibit loans, even if the Plan generally allows loans. If this is the case, you would not be able to take a loan from the accumulation in an investment option governed by that Individual Agreement. You should review the Individual Agreements along with this SPD to gain a full understanding of your rights and obligations under the Plan. Contact the College or the investment vendor to obtain copies of the Individual Agreements or to receive more information regarding the investment options available under the Plan.

TABLE OF CONTENTS

If the Plan terminates, does the federal government insure my benefits under the Plan?
What are my legal rights and protections with respect to the Plan?

DEFINITIONS
ELIGIBILITY

Am I eligible to participate in the Plan?
You will be eligible to contribute a portion of your pay to the Plan as a pre-tax Deferral, unless you fall into one of the following categories of excluded employees.

- You are a student enrolled and regularly attending classes offered by the College.
- You are normally scheduled to work fewer than 20 hours per week.

The Plan document has been amended and restated into a new Plan document. If you were eligible to participate in the prior plan, you will continue to be eligible to participate in this Plan without satisfying any additional age or service requirements.

What requirements do I have to meet before I am eligible to participate in the Plan?
Unless you fall into one of the categories of excluded employees, you will be immediately eligible to participate in the Plan. There are no special age or service requirements that you need to satisfy.

When can I enter the Plan?
Unless you fall into one of the categories of excluded employees, you will be immediately eligible to participate in the Plan, once you have met the age and service requirements listed above.

What happens to my Plan eligibility if I terminate my employment and am later rehired?
If you terminate employment and are later rehired, you will be able to defer a portion of your Compensation as a Deferral as soon as administratively feasible after being rehired.

CONTRIBUTIONS & VESTING

What amount can I contribute to the Plan?
Deferrals
You will be able to contribute a portion of your Compensation as a pre-tax Deferral unless you are a member of one of the excluded classes listed previously. The maximum dollar amount that you can contribute to the Plan each year is $16,500 for 2011 and includes contributions you make to certain other deferral plans (e.g., other 401(k) plans, salary deferral SEP plans, and 403(b) tax-sheltered annuity plans). This amount will increase as the cost of living increases. Deferrals (and the related earnings) are always fully vested and cannot be forfeited. So if you were to leave the College, you would be entitled to the full Deferral balance (plus earnings).

The amount of your Compensation that you decide to defer into the Plan generally will be contributed on a pre-tax basis. That means that, unlike the compensation that you actually receive, the pre-tax contribution (and all of the earnings accumulated while it is invested in the Plan) will not be taxed at the time it is paid by the College. Instead, it will be taxable to you when you take a payout from the Plan. These contributions will reduce your taxable income each year that you make a contribution but will be treated as compensation for Social Security taxes.
EXAMPLE: Assume your Compensation is $25,000 per year. You decide to contribute 5% of your Compensation into the Plan. The College will pay you $23,750 as gross taxable income and will deposit $1,250 (5%) into the Plan. You will not pay federal income taxes on the $1,250 (plus earnings on the $1,250) until you withdraw it from the Plan.

Catch-up Contributions
Age 50 Catch-up Contributions - If you are eligible to make Deferrals and you turn age 50 before the end of any calendar year, you may defer up to an extra $5,500 each year (for 2011) into the Plan as a pre-tax contribution once you meet certain Plan limits. The maximum catch-up amount may increase as the cost of living increases.

Special 403(b) Catch-up Contributions – If you have worked at least 15 years for the College, you may make a special catch-up contribution equal to the smallest of the three amounts listed below:

1. $3,000
2. $15,000 minus the amount of Special 403(b) Catch-Up Contributions made in prior years
3. $5,000 times the number of years you have worked for the College minus the total amount of Deferrals made while you worked for the College

If you qualify for both the age 50 catch-up contributions and the special 403(b) catch-up contributions, your catch-up contributions will be allocated first as special 403(b) catch-up contributions. Catch-up contributions (and the related earnings) are considered Deferrals and are always fully vested. So if you were to leave the College, you would be entitled to the full catch-up balance (plus earnings).

How do I start making contributions?
To begin deferring a portion of your Compensation into the Plan, you must follow the procedures established by the College.

What if I don't make a specific election to contribute some of my Compensation into the Plan?
You are not required to defer a portion of your Compensation into the Plan. If you elect 0% or you simply fail to follow the procedures established by the College for making a Deferral election, you will not be enrolled in the Plan as a deferring Participant (i.e., 0% of your Compensation will be deferred into the Plan).

Can I change my contribution rate or stop making Deferrals after I start participating in the Plan?
You may change the amount you are deferring into the Plan or stop making Deferrals altogether as of the beginning of each pay period.

What if I contribute too much to the Plan?
If you contribute too much to the Plan as a Deferral, you must take the excess amount (plus any earnings on the excess) out of the Plan by April 15 of the year following the year the money was contributed to the Plan. You must notify the College, in writing, of the excess amount by March 1 and request that it be removed. The excess amount is taxable to you in the year you contributed it to the Plan. If you do not remove it by the deadline, additional taxes will apply.
If I have money in other retirement plans, can I combine them with my accumulation under this Plan?
The College may allow you to roll over dollars you have saved in other retirement arrangements into this Plan after you become eligible to participate in the Plan. The College will provide you with the documents or other information you need to determine whether your prior plan balance is qualified to be rolled into this Plan.

The Plan will accept amounts rolled over from the prior plan to this Plan if the prior plan was a:

- qualified retirement plan (e.g., 401(k) plan, profit sharing plan, money purchase pension plan, target benefit plan)
- 403(b) tax-sheltered annuity plan
- government 457(b) plan
- Traditional IRA

Plan to Plan Transfers
The College may allow you to transfer dollars you have saved in other 403(b) retirement arrangements into this Plan if you are currently working for the College. The College will establish certain procedures that you must follow if you are making a plan to plan transfer. Limits on the timing of distribution that existed in the prior plan will continue to apply to the assets that you transfer to this Plan.

Rollover and Transfer contributions are always 100% vested and nonforfeitable.

Are there any limits on how much can be contributed for me?
In addition to the Deferral limit described previously, you may not have total contributions (including Deferrals) of more than $49,000, plus any age 50 catch-up contributions, in 2011 or an amount equal to 100% of your Compensation, whichever is less, allocated to the Plan for your benefit each year. The $49,000 limit will be increased as the cost of living increases, and is the total amount that can be contributed across all retirement plans sponsored by the College.

Will contributions be made for me if I am called to military service?
If you are reemployed by the College after completing military service, you may be entitled to receive certain make-up contributions from the College. If you are reemployed after military service, contact your Plan Administrator for more information about your options under the Uniformed Services Employment and Reemployment Rights Act (USERRA).
WITHDRAWING MONEY FROM THE PLAN (AND LOANS)

When can I take a distribution from the plan?
You may request a distribution of Deferrals at the times listed below.

- You terminate employment
- You become Disabled
- When you reach age 59½
- On account of hardship
- You become eligible for a Qualified Reservist Distribution

You may elect a distribution of your transfer contributions and/or rollover contributions at any time subject to the restrictions in the Individual Agreements.

With regard to transfer contributions, distribution restrictions that applied in the plan that held the transferred amount before you moved it to this Plan may limit your payout options. If the distribution options were more limited under the prior plan, the transferred amount will remain subject to those more restrictive distribution rules.

Hardship
If you experience a financial hardship, you may take a distribution from the Deferrals you have contributed to the Plan, unless restricted under the terms of the Individual Agreements.

The following events qualify as a hardship distribution under the Plan:

- medical expenses for you, your spouse or your dependents, or your beneficiary;
- payment to purchase your principal residence;
- tuition and education-related expenses for you, your spouse or your dependents, or your beneficiary;
- payments to prevent eviction from your principal residence;
- funeral expenses for you, your spouse or your dependents, or your beneficiary;
- payments to repair your principal residence that would qualify for a casualty loss deduction.

Before you take a hardship distribution, you must take all other distributions and all nontaxable loans available to you under the Plan. If you take a hardship distribution of Deferrals, you may not be eligible to make Deferrals for the next six months. If you are under age 59½, the amount you take out of the Plan as a hardship distribution may be subject to a 10% penalty tax.
Qualified Reservist Distribution

You may be able to take a penalty-free distribution from your Deferrals if you were called to active military duty after September 11, 2001. In order to qualify for these penalty-free distributions, you must have been ordered or called to active duty for a period of at least 180 days or an indefinite period and your distribution must have been taken after you were called to duty and before your active duty ended.

The Individual Agreements governing the investment options that you selected for your Plan contributions may contain additional limits on when you can take a distribution, the form of distribution that may be available as well as your right to transfer among approved investment options. Please review both the following information in this Summary Plan Description and the terms of your annuity contracts or custodial agreements before requesting a distribution. Contact the College or the investment vendor if you have questions regarding your distribution options.

How do I request a payout?
You must complete a payout request form provided by the Plan Administrator or follow other procedures established by the College for processing distributions.

If you are taking a hardship distribution, you must provide documents to verify that you have a hardship event that qualifies for a Plan distribution.

If I am married, does my spouse have to approve my distributions from the Plan?
If you are married, you must get written consent from your spouse to take a distribution from the Plan in any form other than a qualified joint and survivor annuity. Your spouse’s consent is also needed if you want to name someone other than your spouse as your beneficiary. The annuity would need to be structured to provide a benefit while you are both alive and then to provide a survivor benefit that is equal to 50% of the amount you received while you were both living. You can designate a different survivor percentage subject to certain limits under the qualified optional survivor annuity regulations. The College will provide you with more information regarding your annuity options when it comes time for you to make a decision. Follow the procedures established by the College to document your spouse’s consent to waive the annuity and take the payment in some other form permitted by the Plan. Your spouse must also consent to any Plan loans that you request.

How will my money be distributed to me if I request a payout from the Plan?
If you obtain the proper consents, you may choose from the following options for your payout.

- Lump sum
- Annuity contract (if assets are held in a custodial account) or converted to an income option (if your assets are invested in an annuity contract)

The Individual Agreements governing the investment options that you selected for your contributions may further restrict your payout options. Please review the annuity contracts or custodial agreements before requesting a distribution and contact the College or the investment vendor if you have questions regarding your distribution options.
If your distribution is eligible to be rolled over, you may choose to have your distribution paid to another eligible retirement arrangement. Contact the College for information regarding rollover procedures.

**Do any penalties or restrictions apply to my payouts?**
Generally, if you take a payout from the Plan before you are age 59½, a 10% early distribution penalty will apply to the taxable portion of your payout. There are some exceptions to the 10% penalty. Your tax adviser can assist you in determining whether you qualify for a penalty exception.

If your payout is eligible to be rolled over, 20% of the taxable portion of your payout will be withheld and remitted to the IRS as a credit toward the taxes you will owe on the payout amount unless you do a direct rollover.

EXAMPLE: You request a $10,000 payout from the pre-tax portion of your Plan balance. If the amount is eligible to be rolled over to another plan, but you choose not to roll it over directly, you will receive $8,000 and $2,000 will be remitted to the IRS.

**Can I take a loan from the Plan?**
Although the Plan is designed primarily to help you save for retirement, you may take a loan from the Plan as outlined below, subject to the terms and restrictions in the Individual Agreements. Please review your annuity contracts or custodial agreements before requesting a loan. Contact the College or the investment vendor if you have questions regarding your loan options.

The Individual Agreements governing the investment options that you selected for your Plan contributions may contain additional limits on when you can take a loan. Please review both the following information in this Summary Plan Description and your annuity contracts or custodial agreements before requesting a loan. Contact the College or the investment vendor if you have questions regarding your loan options.

Generally, the minimum loan amount that you may take is $1,000 and the maximum loan amount is $50,000. The maximum amount you can borrow may be less, however, depending on two factors: 1) the amount of your accumulation under the Plan, and 2) whether you have taken other loans from any of the College’s plans within the last year. If you have not had a plan loan in the previous year, your maximum loan cannot be greater than one-half of your vested account balance or $50,000, whichever is less. If you have had another loan, the $50,000 maximum will be reduced by the highest outstanding loan balance in the 12-month period prior to the new loan.

If your loan is being taken from a TIAA-CREF Annuity, your maximum loan amount is further limited to:

1) 45% of your combined TIAA and CREF accumulation attributable to participation under this Plan; or

2) 90% or your CREF and TIAA Real Estate accumulation attributable to participation under this Plan for Retirement Loan (RL) loans; or

3) 90% of your TIAA Annuity accumulation attributable to participation under this Plan for a Group Supplemental Retirement Annuity (GSRA) loan.
If you default on a loan, your right to a future loan may be restricted. Further, the maximum amount that you can borrow from the Plan will be reduced by the amount in default (plus interest) until the defaulted amount can be deducted from your Plan accumulation. If more than one employer contributed to your TIAA-CREF Annuities, you can only take loans based on the amount you accumulated under the College’s plan. You should check with your other employers for the rules that apply to loans from the amounts you accumulated while working for the other employers. If your loan is based on amounts invested in your TIAA-CREF mutual funds, you may not have more than three loans at any one time (from all plans of all employers).

If your loan is used to purchase a primary residence, you must repay it within ten years. Other loans must be repaid within one to five years.

**How do I apply for a loan?**
To apply for a loan you must complete the loan application provided (or approved) by the College and pay any applicable loan fees.

The College will administer the loan program and will consider the vested portion of your account when reviewing your loan request.

**What is the interest rate for my loan?**
The interest rate for your loan will vary, as described below, depending upon how your retirement balance is invested.

- **Group Supplemental Retirement Annuity (GSRA) contract** - The interest rate is variable and can increase or decrease every three months. The interest rate you pay initially will be the higher of 1) the Moody’s Corporate Bond Yield Average for the calendar month ending two months before your loan is issued; or 2) the interest rate credited before your annuity starting date, as stated in the applicable rate schedule, plus 1%. Thereafter, the rate may change quarterly, but only if the new rate differs from your current rate by at least 1/2%.

- **Retirement Loan (RL) contract** - The interest rate you pay initially will be the higher of 1) the Moody’s Corporate Bond Yield Average for the calendar month ending two months before your loan is issued; or 2) the interest credited before your annuity starting date, as stated in the applicable rate schedule, plus 1%. Thereafter, the rate will change annually, but only if the Moody’s Corporate Bond Yield Average for the calendar month ending two months before the anniversary of your loan differs from your current rate by at least 1/2%. If the latest average differs by less, your interest rate will remain the same for the next year.

- **TIAA-CREF mutual funds** - The interest rate for loans from TIAA-CREF mutual funds will be fixed for the term of the loan and will be equal to the Federal Reserve Board Bank prime loan rate plus 1% at the time of the loan origination.

**What if I don’t repay my loan?**
You will be required to repay the loan amount (plus interest) to the Plan. If you default on the loan, you will be taxed on the amount of the outstanding loan balance and will be subject to a 10% penalty if you are under age 59½. In addition, the College has the right to foreclose its security interest in the
portion of your vested account under the Plan that you pledged as security for the loan, when an event allowing a Plan distribution occurs. The following events will cause a loan default:

- Not repaying your loan as set forth in your loan agreement.
- Breaching any of your obligations under your loan agreement.
- Severing your employment (for loans from mutual funds in custodial accounts)

If your loan is defaulted, the College has the right to foreclose the security interest in your vested account balance pledged for repayment, when an event which triggers a distribution of your benefits occurs. In addition, the loan administrator will report the loan default to the IRS and the outstanding loan amount and accrued interest will be treated as a taxable distribution. If you are under age 59½, this could result in a 10% penalty on the taxable portion of the default.

**What if I die before receiving all of my money from the Plan?**

If you die before taking all of your assets from the Plan, the remaining balance will be paid to your designated beneficiary. To designate your beneficiary, you must follow the procedures established by the College. If you are married and decide to name someone other than your spouse as your beneficiary, your spouse must consent in writing to your designation. It is important to review your designation from time to time and update it if your circumstances change (e.g., a divorce, death of a named beneficiary).

If you do not name a beneficiary, 50% of your balance will be paid to your spouse and 50% will be paid to your estate. If you do not name a beneficiary and have no surviving spouse, your remaining balance in the Plan will be paid to your estate, unless a different alternative is provided in the Individual Agreement.

If your Plan balance is $5,000 or less at the time of your death, your beneficiary will generally have the same options regarding the form of the distribution that are available to you as a Participant. If the balance is greater than $5,000, your beneficiary may be required to take the payouts in the form of a life annuity, unless the annuity has been properly waived by you and your spouse during your lifetime. Your beneficiary may also have the option of rolling their distribution into an IRA. The Individual Agreements governing the investment options that you selected for your contributions may further restrict your beneficiary’s options regarding the manner in which the accumulation will be distributed.

If you die after beginning age 70½ distributions, as described in the following question, your beneficiary must continue taking distributions from the plan at least annually. If you die before beginning age 70½ payments, your beneficiary may have the option of (1) taking annual payments beginning the year following your death (or the year you would have reached age 70½, if your spouse is your beneficiary), or (2) delaying their distribution until the year containing the fifth anniversary of your death, provided they take the entire amount remaining amount during that fifth year.

**How long can I leave the money in my Plan?**

When you terminate from employment, your balance will generally not be paid out of the Plan until you request a payout from the College.
**Age 70½ Required Distributions**

When you reach age 70½ you will generally need to begin taking a distribution each year based on your balance in the Plan. However, you can delay required distributions until you actually separate from service. Contributions for periods before 1987 (excluding earnings on those contributions) will generally not be subject to the required distribution rules until you reach age 75. You may also have the option to satisfy your required minimum distribution from the Plan by aggregating all your 403(b) plans and taking the required minimum distribution from any one or more the individual 403(b) plans.

**What if the Plan is terminated?**

If the Plan is terminated, your entire account balance will be distributed from the Plan. To the extent you are invested in an annuity contract, you will receive a distribution of the contract. The College may terminate the Plan at any time by action of the Board of Trustees.

**INVESTING YOUR PLAN ACCOUNT**

**What investments are permitted?**

The College (or someone appointed by the College) will select the investment vendors and investment options that will be available under the Plan. The investment options will be limited to annuity contracts and mutual funds purchased through a custodial account. The list of approved investment options and vendors may change from time to time as the College considers appropriate. The College may restrict the list of vendors who may accept new contributions to the Plan and it may be different from the list of vendors and investment options available once the contributions have been made to the Plan through a contract exchange. You should carefully review the Individual Agreements governing the annuity contracts and custodial accounts, the prospectus, or other available information before making investment decisions.

**Who is responsible for selecting the investments for my contributions under the Plan?**

You have the right to decide how your Plan balance will be invested. The College will establish administrative procedures that you must follow to select your investments. The College will designate a list of vendors and investment options that you may select for new contributions to the Plan. You will have the ability to transfer your Plan balance among these vendors and investment options, to the extent permitted by the Individual Agreements. Contact the College if you are not certain whether a particular vendor or investment option is permitted under the Plan. If you do not select investments for your Plan account, the College will determine how your account will be invested.

The College intends to operate this Plan in compliance with Section 404(c) of the Employee Retirement Income Security Act (ERISA), and Title 29 of the Code of Federal Regulations Section 2550.404c-1. This means that the College and others in charge of the Plan will not be responsible for any losses that result from investment instructions given by you or your beneficiary.

**How frequently can I change my investment elections?**

You may change your initial investment selections as frequently as permitted under the Individual Agreements.
ADMINISTRATION INFORMATION AND RIGHTS UNDER ERISA

Who established the Plan?
The official name of the Plan is Gettysburg College Tax-Deferred Annuity Plan. The Plan was established by:

Gettysburg College
Box 2443, 300 N Washington St
Gettysburg, PA 17325-1483
717-337-6207
Federal Tax Identification Number: 231352641
Fiscal Year End: 5/31

Your Employer has assigned Number 003 to the Plan.

The Plan is a 403(b) defined contribution plan, which means that contributions to the Plan made on your behalf (and earnings) will be separately accounted for within the Plan.

When did the Plan become effective?
The College has amended and restated the Gettysburg College Tax-Deferred Annuity Plan which was originally adopted 01/01/1978. The effective date of this amended Plan is generally 01/01/2009.

Who is responsible for the day-to-day operations of the Plan?
The College is responsible for the day-to-day administration of the Plan. To assist in operating the Plan efficiently and accurately, the College may appoint others to act on its behalf or to perform certain functions.

Who pays the expenses associated with operating the Plan?
All reasonable Plan administration expenses including those involved in retaining necessary professional assistance, may be paid from the assets of the Plan, to the extent permitted by the Individual Agreements. These expenses may be allocated among you and all other Plan participants or, for expenses directly related to you, charged against your account balance. Examples of expenses that may be directly related to you include, general recordkeeping fees and expenses related to processing your distributions or loans (if applicable), qualified domestic relations orders, and your ability to direct the investment of your Plan balance, if applicable. Finally, the College may, in its discretion, pay any or all of these expenses. For example, the college may pay expenses for current employees, but may deduct the expenses of former employees directly from their accounts. The College will provide you with a summary of all Plan expenses and the method of payment of the expenses upon request.

Does the College have the right to change the Plan?
The Plan will be amended from time to time to incorporate changes required by the law and regulations governing retirement plans. The College also has the right to amend the Plan to add new features or to change or eliminate various provisions by amendment executed by a duly authorized officer of the College or his or her delegate. The College cannot amend the Plan to take away or reduce protected benefits under the Plan.
**Does participation in the Plan provide any legal rights regarding my employment?**

The Plan does not intend to, and does not provide, any additional rights to employment or constitute a contract for employment. The purpose of the Summary Plan Description is to help you understand how the Plan operates and the benefits available to you under the Plan. The Plan document is the controlling legal document with respect to the operation of and rights granted under the Plan and if there are any inconsistencies between this Summary Plan Description and the Plan document, the Plan document will be followed.

**Can creditors or other individuals request a payout from my Plan balance?**

Creditors (other than the IRS) and others generally may not request a distribution from your Plan balance. One major exception to this rule is that the College may distribute or reallocate your benefits in response to a qualified domestic relations order. A qualified domestic relations order is an order or decree issued by a court that requires you to pay child support or alimony or to give a portion of your Plan account to an ex-spouse or legally separated spouse. The College will review the order to ensure that it meets certain criteria before any money is paid from your account. You (or your beneficiary) may obtain, at no charge, a copy of the procedures the College will use for reviewing and qualifying domestic relations orders.

**How do I file a claim?**

To claim a benefit that you are entitled to under the Plan, you must file a written request with the College. The claim must set forth the reasons you believe you are eligible to receive benefits and you must authorize the College to conduct any necessary examinations and take the steps to evaluate the claim.

**What if my claim is denied?**

Except as described below, if your claim is denied, the College will provide you (or your beneficiary) with a written notice of the denial within 90 days of the date your claim was filed. This notice will give you the specific reasons for the denial, the specific provisions of the Plan upon which the denial is based, and an explanation of the procedures for appeal.

In the case of a claim for disability benefits, if the College is making a determination of whether you are Disabled, you will be notified of a denial of your claim within a reasonable amount of time, but not later than 45 days after the Plan receives your claim. The 45-day time period may be extended by the Plan for up to 30 days if the College determines that an extension is necessary due to matters beyond the control of the Plan. The College will notify you, before the end of the 45-day period, of the reason(s) for the extension and the date by which the Plan expects to make a decision regarding your claim.

If, before the end of the 30-day extension, the College determines that, due to matters beyond the control of the Plan, a decision regarding your claim cannot be made within the 30-day extension, the period for making the decision may be extended for an additional 30 days, provided that the College notifies you, before the end of the first 30-day extension, of the circumstances requiring the additional extension and the date as of which the Plan expects to make a decision. The notice will specifically explain the standards on which the approval of your claim will be based, the unresolved issues that prevent a decision on your claim, and the additional information needed to resolve those issues. You will have at least 45 days within which to provide the specified information.

The period of time within which approval or denial of your claim is required to be made generally begins at the time your claim is filed. If the period of time is extended because you fail to submit
information necessary to decide your claim, the period for approving or denying your claim will not include the period of time between the date on which the notification of the extension is sent to you and the date on which you provide the additional information.

The College will provide you with written or electronic notification if your claim is denied. The notification will provide the following:

i. The specific reason or reasons for the denial;

ii. Reference to the specific section of the Plan on which the denial is based;

iii. A description of any additional information that you must provide before the claim may continue to be processed and an explanation of why such information is necessary;

iv. A description of the Plan’s review procedures and the time limits applicable to such procedures, including a statement of your right to bring a civil action under Section 502(a) of the Employee Retirement Income Security Act (ERISA) following a claim denial on review; and

v. In the case of a Plan providing disability benefits, if the College used an internal rule or guideline in denying your claim, either 1) the specific rule or guideline, or a statement that the rule or guideline was relied upon in denying your claim, and that 2) a copy of the rule or guideline will be provided free of charge to you upon request.

If the claim denial is based on a medical necessity, experimental treatment, or similar situation, either an explanation of the scientific or clinical basis for the denial, applying the terms of the Plan to your medical circumstances, or a statement that an explanation will be provided free of charge upon request.

**May I appeal the decision?**

You or your beneficiary will have 60 days from the date you receive the notice of claim denial in which to appeal the decision. You may request that the review be in the nature of a hearing and an attorney may represent you.

However, in the case of a claim for disability benefits, if the decision is based on whether you are Disabled under the terms of the Plan, you will have at least 180 days following receipt of notification of a claim denial within which to appeal the decision.

You may submit written comments, documents, records, and other information relating to your claim. In addition, you will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information pertaining to your claim.

Your appeal will take into account all comments, documents, records, and other information submitted by you relating to the claim, even if the information was not included originally.
If the claim is for disability benefits:

i. Your claim will be reviewed independent of your original claim and will be conducted by a named fiduciary of the Plan other than the individual who denied your original claim or any of his or her employees.

ii. In deciding an appeal of a claim denial that is based in whole or in part on a medical judgment, the appropriate named fiduciary will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;

iii. You will be provided with the name(s) of the health care professional(s) who was consulted in connection with your original claim, even if the claim denial was not based on his or her advice. The health care professional consulted for purposes of your appeal will not be the same person or any of his or her employees.

iv. You will be notified of the outcome of your appeal no later than 45 days after receipt of your request for the appeal, unless it is determined that special circumstances require an extension of time for processing the claim. If it is determined that an extension is required, written notice of the extension will be provided to you before the end of the initial 45-day period. The notice will identify the special circumstances requiring an extension and the date by which the Plan expects to make a decision regarding your claim.

You will be provided with written or electronic notification of the final outcome of your claim. The notification will include:

i. A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim;

ii. A statement describing any additional voluntary appeal procedures offered by the Plan, your right to obtain the information about such procedures, and a statement of your right to bring an action under Section 502(a) of ERISA; and

iii. If an internal rule or guideline was used in denying your claim, either 1) the specific rule or guideline, or a statement that the rule or guideline was relied upon in denying your claim, and 2) that a copy of the rule or guideline will be provided free of charge to you upon request.

If the claim denial is based on a medical necessity, experimental treatment, or similar situation, either an explanation of the scientific or clinical basis for the denial, applying the terms of the Plan to your medical circumstances, or a statement that an explanation will be provided free of charge upon request.
If I need to take legal action with respect to the Plan, who is the agent for service of legal process?
The College is the agent to be served with legal papers regarding the Plan.

If the Plan terminates, does the federal government insure my benefits under the plan?
If the Plan terminates, you will become fully vested in your entire balance under the Plan, even though you would not otherwise have a sufficient number of years of vesting service to be 100% vested in your balance. You will be entitled to take your entire balance from the Plan following termination.

The type of plan in which you participate is not insured by the Pension Benefit Guaranty Corporation, the government agency that insures certain pension plan benefits upon plan termination.

What are my legal rights and protections with respect to the Plan?
As a Participant in this Plan, you are entitled to certain rights and protections under ERISA. ERISA provides that all Plan Participants shall be entitled to do the following.

**Receive Information About Your Plan and Benefits**
1. Examine, without charge, at the College’s office and at other specified locations, such as worksites and union halls, all Plan documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

2. Obtain, upon request to the College, copies of documents governing the operations of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description (SPD). The College may charge a reasonable fee for the copies.

3. Receive a summary of the Plan’s annual financial report. The College is required by law to furnish each Participant with a copy of this Summary Annual Report.

4. Obtain, once a year, a statement of the total pension benefits accrued and the vested pension benefits (if any) or the earliest date on which benefits will become vested. The Plan may require a written request for this statement, but it must provide the statement free of charge.

**Prudent Actions by Plan Fiduciaries**
In addition to creating rights for Plan Participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other Plan Participants and beneficiaries. No one, including the College, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a pension benefit or exercising your rights under ERISA.

**Enforce Your Rights**
If your claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and
to appeal any denial, all within certain time schedules. Under ERISA, there are steps you may take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the College to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the College. If you have a claim for benefits which is denied, or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay the costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if the court finds your claim is frivolous.

**Assistance with Your Questions**

If you have any questions about your Plan, you should contact the College. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the College, you should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**DEFINITIONS**

**Compensation** – The definition of Compensation under the Plan can vary depending upon the purpose (e.g., allocations, nondiscrimination testing, and tax deductions).

In general, the amount of your earnings from the College taken into account under the Plan is all earnings reported to you on Form W-2 other than bonuses and stipends. Compensation will include amounts that are not included in your taxable income that were deferred under a cafeteria plan, a 401(k) plan, a salary deferral SEP plan, a 403(b) tax-sheltered annuity plan, a 457(b) deferred compensation plan of a state or local government or tax-exempt employer, or transportation fringe benefits that you receive. Compensation will also include any differential pay you receive from the College while on active military duty.

If you receive payments from the College within 2½ months after severing your employment, any regular pay for services you performed prior to severance will be included in Compensation. Other post-severance payments will affect your Compensation as described below.

- Unused accrued sick, vacation or other leave that you are entitled to cash out will be excluded from Compensation for purposes of Deferrals, Nondeductible Employee Contributions and Mandatory Employee Contributions.
Amounts received under a nonqualified unfunded deferred compensation program will be excluded from Compensation.

The measuring period for Compensation will be the Plan Year.

The maximum amount of Compensation that will be taken into account under the Plan is $245,000 (for 2011). This amount increases as the cost of living rises.

**Deferrals** – Deferrals are the dollars you choose to contribute to the Plan through payroll deduction on a pre-tax basis.

**Disabled** – You will be considered Disabled if you cannot engage in any substantial, gainful activity because of a medically determined physical or mental impairment that is expected to last at least 12 months.

**Early Retirement Age** – You will reach the Early Retirement Age under the Plan when you reach age 55 and have completed 10 Years of Vesting Service with the College.

**Highly Compensated Employee** – A Highly Compensated Employee is any employee who:
1) was a 5% owner at any time during the year or the previous year, or
2) for the previous year had Compensation from the College greater than $110,000 (for 2011).

The $110,000 threshold is increased as the cost of living rises.

**Hour of Service** – An Hour of Service, for purposes of determining Plan eligibility, vesting and eligibility to receive Employer contributions will be based on actual hours for which you are entitled to pay.

**Individual Agreements** - All contributions to the Plan will be invested either in annuity contracts or in mutual funds held in custodial accounts. The agreements between the vendor and the College or you that constitute or govern the annuity contracts and custodial accounts are referred to as Individual Agreements. The Individual Agreements explain the unique rules that apply to each Plan investment and may, in some cases, limit your options under the Plan, including your transfer and distribution rights.

**Normal Retirement Age** – Age 59½ is considered the Normal Retirement Age under the Plan.

**Participant** – An employee of the College who has satisfied the eligibility requirements and entered the Plan is referred to as a Participant.

**Plan** – The Gettysburg College Tax-Deferred Annuity Plan is the Plan described in this Summary Plan Description.

**Plan Administrator** – The College is responsible for the day-to-day administration of the Plan. To assist in operating the Plan efficiently and accurately, the College may appoint others to act on its behalf or to perform certain functions.

**Plan Year** – A 12-month period ending on 12/31 will serve as the Plan Year.
