Adjunct in Biology (Cell Biology)

Position Summary:

The Department of Biology at Gettysburg College seeks one or more adjuncts for one semester in the fall of 2017. The position consists of teaching a lecture section and/or two laboratory sections of the sophomore/junior level Cell Biology course for majors in the Biological Sciences.

Qualifications:

A PhD or MS in Cell Biology or a related field and a commitment to teaching in the liberal arts tradition are required. Candidates who are close to receiving their PhD will also be considered.

Application Details:

Interested applicants should email current CV and a teaching statement to: Matt Kittelberger, Chair of Biology (mkittelb@gettysburg.edu).

Review of applications will begin immediately and will continue until the position is filled.

Gettysburg College, an equal opportunity employer, complies with all applicable federal, state, local laws and regulations regarding nondiscrimination. All qualified applicants will receive consideration for employment and admission. The College prohibits discrimination and harassment, and provides equal opportunity without regard to race, ethnicity, color, religion, national origin, disability, veteran status, marital/familial status, possession of a General Education Development Certificate (GED) as compared to a high school diploma, sexual orientation, gender identity, gender expression, sex, age, or genetic information in all aspects of employment, educational programs, activities, and admissions. Pursuant to Title IX of the Education Amendment of 1972, Gettysburg College prohibits discrimination on the basis of sex (i.e., which includes but is not limited to the prohibition of sexual misconduct and relationship violence, including sexual assault and harassment) in all of its educational programs and activities.
