Tenure-Track Position in Mathematics
GETTYSBURG COLLEGE

Gettysburg College invites applications for a tenure-track position in mathematics at the rank of Assistant Professor beginning August 2015. Applicants must have a Ph.D. in one of the mathematical sciences or expect to complete all requirements for the degree by September 2015. A record of excellent and innovative teaching, a clear promise of outstanding achievements in research, and a desire to shape the mathematics program of an energetic department in a liberal arts environment are essential. A successful candidate will have the opportunity to teach a broad range of topics in undergraduate mathematics and to involve students in a variety of mathematical activities outside the classroom. Faculty at Gettysburg College are expected to teach five courses per year, mentor and advise students, and maintain an active and productive scholarly program. The College is prepared to assist newly appointed faculty members in establishing a research program; this assistance may include start-up funds, funding for professional travel, and a paid pre-tenure leave. You may learn more about the College and the Department through the website: http://www.gettysburg.edu/academics/math/

Gettysburg College is a highly selective liberal arts college located within 90 minutes of the Baltimore/Washington metropolitan area. Established in 1832, the College has a rich history and is situated on a 220-acre campus with an enrollment of over 2,600 students. Gettysburg College celebrates diversity and invites applications from members of any group that has been historically underrepresented in the American academy. The College assures equal employment opportunity and prohibits discrimination on the basis of race, color, national origin, gender, religion, sexual orientation, gender identity, gender expression, age, and disability.

Please apply online at https://www.mathjobs.org/jobs/jobs/6196 by submitting a letter of application that describes your interest in our department and the ways in which you would contribute to all levels of our program. In addition, please include a curriculum vitae, a brief description of your teaching methods and objectives, and a summary of your research goals. Applications should also include at least three letters of recommendation addressing teaching effectiveness and research potential. Completed applications received by November 17, 2014 will receive full consideration.
