ELITE CAMP

This camp is for boys between the ages of 13-18 who are serious soccer athletes with aspirations of competing at the collegiate level. Over the 4 day camp the players will enjoy 9 sessions designed to improve both their attacking and defensive play in an intense yet fun environment. The curriculum will be developed to expose the athletes to the technical and tactical concepts that are critical to their success at the collegiate level. There will also be nightly full sided matches which will culminate with "Championship" matches on the final morning.

High School Team Program

We will tailor our training plan to address the team's special needs. We will work closely with the High School Staff to ensure that this week will have meaningful application to your upcoming season.
