General Statement

The Community Advisor is an integral part of the College’s Residence Life Program as administered by the Office of Residential & First-Year Programs. As staff members, Community Advisors are committed to the important role of community living in the undergraduate educational experience and to the goals of Gettysburg College.

Since Community Advisors have extensive contact with Gettysburg students, they serve as liaisons and resources. Community Advisors promote the integration of all aspects of campus life and assist in establishing an environment in the residence halls that is supportive of the educational objectives of Gettysburg College. Regulations and policies must be clearly explained to the residents and the Community Advisor’s involvement in their enforcement is required. Clear and regular communication between the Community Advisor and the Office of Residential & First-Year Programs as well as other departments within the Division of College Life and the institution is critical to the success of our residential life program.

Community Advisors are best able to develop a rapport with others with a dimension of understanding, recognition of individual differences, and acceptance of all students. To further develop potential effectiveness, the abilities to listen and develop relationships are essential attributes. Consistency, sensitivity, and empathy must be evident in a Community Advisor’s interactions with members of the hall group and the larger Gettysburg community.
