Safety Suggestions:

- Keep a detailed inventory of your valuable possessions, including a description of the items, date of purchase and original value, and serial numbers, and keep a copy in a safe place away from your place of residence — this is a good precaution in case of fires, burglaries, theft, or other disasters. Make a photographic or video record of valuable objects. Your insurance company can provide assistance in making and keeping your inventory.

- Mark your valuables with your driver's license number with an engraver or marking pens you can borrow from DPS. Marked items are harder for a burglar to dispose of and easier for police to recover.

Have a Fire Safe Day
