EMERGENCY ROOM/URGENT CARE

It has been deemed that you are in need of Urgent care (any situation or condition deemed by a MD/AT that is not an emergency but requires care by a specialist or testing not available on campus on the same day) and need to go to the Gettysburg ER. Examples of this are stitches, stabilized orthopedics injuries, broken bones, etc. There are a few options to get there depending on the severity of the injury and other factors surrounding the situation.

**Option 1:** Ambulance. If the injury is considered to be a medical emergency, an ambulance will be called. **Option 2:** Personal transportation, family member, coach, staff member, or a friend that could transport you up to the ER. This is ideal for non-emergency situations (x-rays, stitches, etc.) We will only suggest this option if there is no potential for causing further injury to the student-athlete or others, and the student-athlete/AT feels this is a viable option. **Option 3:** Department of Public Safety. The AT can call DPS for transport at 717.337.6912. This is also for non-medical emergency situations. If you arrived by way of DPS to the ER, you can call them when you are finished and they can give you a ride back to campus.

Please notify your coach that you are going for testing. Their number is below.

If your injury turns out to be more than routine, please give your Athletic Trainer/Coach a call right away.

The AT’s name is _______________ and their cell number is ____________________

Any pre-scheduled appointments for health care needs of a student athlete that are set up by an MD/AT. In these cases, the student athlete will be advised to arrange his or her own transportation for the appointment. This can be accomplished through personal vehicle, friend/family, or by way of the BLUE line of the Freedom Transit, AKA, the Blue Trolley (M-F only) if the appointment is in town. There is no charge for the trolley. Located at 103 Carlisle Street, across the street from subway, the Gettysburg Transit Center serves as the transportation hub for Freedom Transit trolley. Wait for the trolley in the Blue line area. PLEASE CHECK LINK http://www.rabbittransit.org/Schedules/FreedomTransit.aspx FOR CURRENT SCHEDULE.
