The Department of History at Gettysburg College presents

**David Goodman**

Professor of History at the University of Melbourne, Australia

“War, Peace and Democracy: Americans Debate U.S. Entry into World War II”

This lecture examines the often bitter debate between September 1939 and December 1941 about the ongoing war in Europe and Asia. Professor Goodman’s talk will focus on those ordinary Americans who felt strongly enough about the issues to express an opinion and will describe the sometimes surprising connections between grass roots activism and high politics.
