

Department of Anthropology
Application for Funding

Name:

Advisor:

Date:

Send the completed application to your adviser by October 15th, December 15th, February 15th, or April 15th.

Project or activity description. Provide a brief description of your research project or scholarly activity. Indicate where the research will be conducted or the activity take place. Provide the name(s) of any organizations or individuals with whom you will be working.

Time-line and schedule. When will you begin and end your research or activity? What schedule do you hope to follow in completing the research (or this phase of the research) or the activity?

Value of the research or activity. Provide a brief explanation of how the proposed research or activity will contribute to your development as an anthropology major.

Budget. Indicate how much money the entire project or activity will require and how much funding you are requesting from the Department of Anthropology. Indicate also how you plan to fund that part of the cost that will not be covered by the Department. (Note: the information you give here will not prejudice us against your project if the costs are greater than what we can support. We recognize that most projects require more than the \$500.00 we can offer. We encourage you to seek additional funding and ask that you be straightforward in your discussion of funding.)
