

Class of 1995 Twenty-Fifth Reunion Gettysburg Fund Scholarship

*Created to honor and celebrate
our 25th reunion*

Twenty five years ago, we graduated from Gettysburg College, an achievement that might not have been possible for many of us without the scholarships or financial aid we received from the College.

Today, financial support for students remains a pressing need—one of the College’s highest priorities. Without it, many students simply would not go to Gettysburg College. Nearly sixty-five percent of last year’s student body received scholarships and financial aid. The average total financial package of \$42,219 clearly shows the continuing need for scholarship support.

To celebrate our milestone reunion we can help make certain that a Gettysburg College education is within reach of high-achieving, talented students from all walks of life. We can ensure that they enjoy Gettysburg Great experiences—just like we did—by funding unrestricted scholarships that will be immediately available in the 2020-21 academic year.

Every time our collective class scholarship gifts reach the \$25,000 mark, a scholarship will be awarded and a new fund will begin.

“Thank you for giving the gift of a priceless Gettysburg experience. This scholarship has taken a huge burden off of my shoulders and allowed me to have the best possible Gettysburg experience.” Winnie Wang '18
