190TH COMMENCEMENT

SATURDAY, MAY 17, 2025

11:00 A.M.

PENNSYLVANIA HALL
NORTH SIDE

Do great work

#Gburg2025

Gettysburg College was founded on April 7, 1832, by anti-slavery theologian Samuel Simon Schmucker. Five years later, the institution (then known as Pennsylvania College) moved into Pennsylvania Hall, built on land provided by Thaddeus Stevens, whose illustrious career in Congress included authorship of the 14th Amendment, which guaranteed full civil rights to citizens of all states.

When the Civil War erupted, the College stood in its midst. Elements of two great armies swept through campus on July 1, 1863, the first day of the decisive Battle of Gettysburg. Pennsylvania Hall became a hospital for hundreds of soldiers from both North and South.

On November 19, 1863, townspeople, students, and faculty marched to hear President Abraham Lincoln hallow the National Cemetery with his *Gettysburg Address*. David Wills, an 1851 graduate, invited Lincoln to deliver “a few appropriate remarks.”

Almost a century later, President Dwight D. Eisenhower settled in Gettysburg after leaving the White House in 1961 and served on the College’s Board of Trustees. He wrote his memoirs in what is today the College’s Admissions Office.

Today, Gettysburg College is a vibrant learning community that has produced prominent graduates in a wide variety of fields, including former White House Counsel Fred Fielding ’61, U.S. Congressman Ron Paul ’57, Nobel Prize-winning cancer researcher Michael Bishop ’57, former NAACP President and CEO Bruce Gordon ’68, five-time Oscar-nominated cinematographer Owen Roizman ’58, Chair of the Global Partnership for Education Carol Bellamy ’63, Newbery Medal-winning *Maniac Magee* author Jerry Spinelli ’63, leading sleep researcher Mary Carskadon ’69, McKnight Foundation President Kathryn Wolford ’79, and Emmy-award winning actor, stylist, author, and fashion guru Carson Kressley ’91.

In the spirit of global citizenship and community, Gettysburg College welcomes you in each language currently offered for study:

THE PRESIDENTIAL MEDALLION

The Gettysburg College Presidential Medallion and chain were created in 1978 for the inauguration of Charles E. Glassick, the eleventh president, by Norman L. Annis, former professor of art. The medallion features the College seal, three inches in diameter. The seal is flanked by two smaller medallions, one being the seal of the Evangelical Lutheran Church in America and the other depicting symbols of higher education. The one-inch medallions, which constitute the chain, list the past presidents and the dates they served the College.

THE COLLEGE MACE

Ceremonial occasions at Gettysburg College begin with the entrance of the College mace, carried by the College Marshal. The mace symbolizes the College's governing authority and is present only when the president is in attendance. It is used only at Convocation, the Midyear Graduates Recognition ceremony, the Baccalaureate service, and the Commencement ceremony.

The tradition of the mace derives from medieval England, when the mace was held by a bodyguard for dignitaries at ceremonial functions. As an ancient symbol of authority, it reminds us that the College is a custodian both of the enduring traditions of learning and of the power they bestow upon those who come to learn.

THE BEACHEM PORTICO

The portico on the north side of Pennsylvania Hall is properly known as the Beachem Portico, erected with funds given by the Alumni Association and dedicated to the memory of the College's first alumni secretary, Charles W. Beachem 1925. Gettysburg College's Alumni Association is among the oldest in the nation and particularly notable for having been formed within three years of the 1832 founding of the College. The Alumni Association of Pennsylvania College (as it was then known) was founded on Commencement day, September 16, 1835. There were 11 initial members, the graduates of 1834 and 1835.

PRESIDENT'S CHAIR

The President's Chair comes from the estate of Dr. F. William Sunderman Sr., a 1919 graduate of Gettysburg College. In 1983 he created the Sunderman Foundation for Chamber Music, which presents a concert series on campus each year. He was also a trustee emeritus of the College and the founder of its annual Henry M. Scharf Lecture on Current Affairs. Upon Dr. Sunderman's death in 2003, his legacy provided for the establishment of the College's F. William Sunderman Sr. Conservatory of Music, which began admitting students in the fall of 2006.

STOLE OF GRATITUDE

The "Stole of Gratitude," a tradition which originated in 2004, is in part a gift from the Gettysburg College Alumni Association and the President's Office. The graduates will wear the stoles throughout the Commencement Exercises as symbols of their appreciation for all of the individuals whose support was instrumental in bringing them to this day. At the reception following Commencement, or at some other time, graduates may present the stole to someone to demonstrate their gratitude for that individual's role in their success.

ACADEMIC REGALIA

Academic ceremonies, with their gowns, mortarboards, tassels, hoods, and maces are colorful traditions handed down from European universities of the Middle Ages. The first organized institutions of learning took form during the twelfth and thirteenth centuries, generally under the jurisdiction of the church. Academic regalia, as we know them today, have evolved from the robes, hoods, and caps worn mainly for warmth in unheated buildings by the clerics, monks, and priests who were the first students.

While European universities continue to show great diversity in their academic dress, American universities, in 1895, adopted a code of academic uniformity. The colors, designs, and opulence used in the tassels, hoods, velvet and satin trimmings, and robes designate everything from the level of degree held by the wearer, to his or her field of study, to the institution from which the degree was earned.

Carol Daly Cantele '83, P'15

Hall of Fame Coach, Leadership Mentor

Commencement Speaker and Honorary Degree Recipient

Doctor of Science in Physical Education

Over the last four years, the Class of 2025 has developed skills, expanded knowledge, and embraced new opportunities in preparation for life beyond Gettysburg College. Helping send them off is one of Gettysburg's most accomplished and respected figures—legendary coach and Hall of Famer Carol Daly Cantele '83, P'15.

A transformative presence on campus for more than three decades, Cantele's leadership and mentorship have shaped the lives of generations of students. Known for her deep commitment to personal growth, teamwork, and resilience, she built one of the most successful programs in NCAA Division III women's lacrosse history, while also leaving a lasting legacy in field hockey and campus leadership.

Cantele is among the most decorated coaches in collegiate lacrosse. She was inducted into the National Lacrosse Hall of Fame in 2024, adding to earlier honors from the Intercollegiate Women's Lacrosse Coaches Association Hall of Fame and the Gettysburg College Hall of Athletic Honor. Over her 30-year career at Gettysburg, she guided the women's lacrosse team to 446 wins, 13 Centennial Conference titles, and three NCAA Division III championships in 2011, 2017, and 2018.

Her connection to Gettysburg began as a student-athlete, where she majored in health and physical education. As an undergraduate, she helped lead Gettysburg to its first-ever team national title in field hockey in 1980 and contributed to the lacrosse team's first national playoff appearance in 1981.

After earning a master's degree in physical education from Miami (Ohio) University and leading programs at Plymouth State University, Cantele returned to Gettysburg in 1992. She quickly revitalized both the field hockey and lacrosse programs, winning five conference titles in field hockey before shifting her full focus to lacrosse and administrative roles in 2002.

Throughout her career, she earned multiple national and regional coaching honors and awards recognizing her service to women's athletics. Her influence extended far beyond competition, helping students develop confidence, leadership skills, and a passion for learning. Many of her former players have gone on to successful careers in business, medicine, education, and coaching, inspired by her example and support.

Elizabeth Anderson '82

*Professor of Electroacoustic Composition,
ARTS²/Academy of Arts, Mons, Belgium
Co-Founder, HearT Musical Productions snc/vof*

Honorary Degree Recipient

Doctor of Music

Elizabeth Anderson '82 is an internationally acclaimed electroacoustic composer whose work spans acousmatic, mixed, radiophonic, and multimedia formats. For over 30 years, her compositions have been featured in prominent venues and festivals around the world. At the heart of her artistic vision is a fascination with the sonic expression of space—from the vastness of the universe to the intimacy of cellular life. Her music, rooted in electroacoustic techniques, explores these realms while inviting listeners into her richly imaginative world.

Anderson's works have received numerous international awards, including honors from ASCAP-SEAMUS (USA), Bourges (France), Musica Nova (Czech Republic), and Métamorphoses (Belgium). She has composed pieces commissioned by leading institutions such as the Groupe de recherches musicales (GRM) and Musiques & Recherches, and has collaborated with visual artists, including Dutch photographer Zjuul Devens.

A respected scholar and composer, Anderson has published research on the perception and meaning of electroacoustic music, contributing to scholarly works and journals in Europe and Latin America. She developed Belgium's first comprehensive electroacoustic curriculum at the Academy of Soignies and currently serves as professor of electroacoustic composition at the Conservatoire royal de Mons/Arts² in Mons, Belgium.

A graduate of Gettysburg College (B.A. in music, 1982) and the Peabody Institute (M.M. in composition, 1987), Anderson furthered her studies in Belgium and the UK, earning advanced diplomas and a doctorate in electroacoustic composition from City University London, with support from international scholarships and foundations. Her deep commitment to making electroacoustic music accessible is reflected in her outreach efforts, including organizing a 2016 acousmatic music concert series in the Netherlands.

In recognition of her lifelong contributions, Anderson was elected to the Class of Arts of the Royal Academy of Belgium in 2022.

Ratul Pradhan '25

*Computer Science and an Individual major
in Business Management and Analytics*

Data science, music minors

Student Speaker

Ratul Pradhan's time at Gettysburg College has been defined by his commitment to blending disciplines, building community, and making meaningful change both on and off campus. As a computer science major and an individual major in business management and analytics with minors in data science and music, Pradhan embraced Gettysburg's liberal arts approach to learning. His academic path reflects a deep interest in the intersection of technology, strategy, and creativity—a combination that shaped both his studies and his leadership.

Pradhan's impact at Gettysburg has been broad and lasting. He served as an assistant residential life coordinator during his senior year, overseeing the College House system and helping foster inclusive, affinity-based programming. Earlier in his time at Gettysburg, he worked as a residential assistant, guiding underclass students through their transitions and building a sense of belonging. His passion for community also led him to co-found Listeners and Performers, a student-run group that brings people together through music. What began as an informal jam session grew into a cornerstone of campus life, with packed live shows and dozens of performers.

Throughout his four years, Pradhan took on roles that allowed him to leave a tangible mark on the College. As a member of the Social Venues Task Force, he helped envision and implement renovations to student gathering spaces like Plank Basement. He also worked behind the scenes on the tech team for the Office of Student Activities and Greek Life, while serving as the alumni chair for Lambda Chi Alpha. Off campus, he contributed to the White House's AM Forward initiative as a Washington Summer Fellow through the Eisenhower Institute, developing a database system for tracking additive manufacturing qualifications.

Pradhan plans to pursue a career in technical project management, equipped with the skills, perspective, and values that his Gettysburg experience helped shape.

HONOR CORDS

The College awards the following honors to members of the graduating class. These senior honors are intended for students with four years of residence at Gettysburg College; grade point average computations are based on four years' performance. Honor cords will be worn by students receiving these honors.

Cum Laude

Awarded to those seniors who have an accumulative average of 3.5 through 3.69.

Orange honor cord.

Magna Cum Laude

Awarded to those seniors who have an accumulative average of 3.7 through 3.89.

Silver honor cord.

Summa Cum Laude

Awarded to those seniors who have an accumulative average of 3.9 or higher.

Gold honor cord.

In addition, a number of academic departments and organizations present graduates with honor cords.

F.E. Reinartz 1924

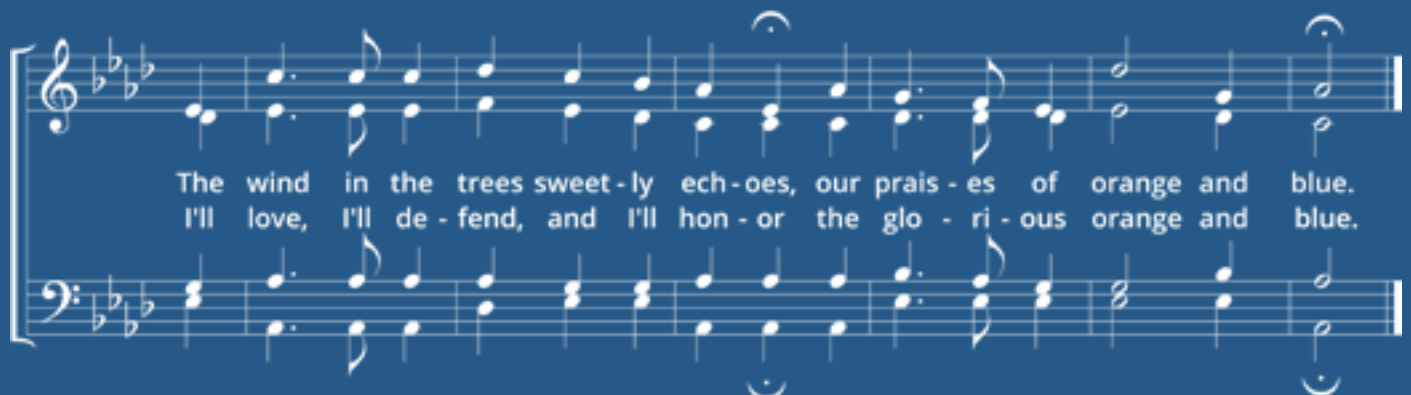

As soft - ly the eve - ning shad - ows are vei - ling the camp - us towers,
When - ev - er thy loy - al ones gath - er to wak - en fond mem - o - ry,

We come, ——— a band of good fel - lows, to sing in the twi - light hours;
Our thoughts shall be turned, Al - ma Ma - ter, old Get - tys - burg back to thee:

The sil - ver - y moon - light man - tles, the worn walls of chap - el a - new,
For ev - er am I thy debt - or and what ev - er else I may do,

The wind in the trees sweet - ly ech - oes, our prais - es of orange and blue.
I'll love, I'll de - fend, and I'll hon - or the glo - ri - ous orange and blue.
