# Paul Turner, PhD

*Rachel Carson Professor of Ecology & Evolutionary Biology  
Yale University*

## *“How and Why Viruses Evolve”*

The current pandemic emphasizes the importance of virus evolution, and the need to understand how viruses are driven to emerge on new host species such as humans. This talk broadly examines how and why viruses evolve, as well as the benefits of developing non-harmful viruses for use in disease therapy and other applied goals.

**TUESDAY, FEBRUARY 16, 2021 • 5:00 P.M.**

### **Join Zoom Meeting**
