

## **Gettysburg College Health Services: Medical information**

**It is important to seek medical care after sexual assault due to risk of contracting sexually transmitted infections, possible pregnancy (if female).**

Health Services is here to support and care for you.

Emergency Appointments Available: Monday – Friday 8:00am to 5:00pm

Please call 717-337-6970 (Option #1) and simply request an “emergency appointment.” No further information needed or asked.

Services offered **“FREE OF CHARGE”**:

- **Plan B**, if female, and within 5 days of assault (120 hours)
- **Sexually transmitted infection (STI)** screening including: chlamydia, gonorrhea, trichomonas, syphilis, bacterial vaginosis, HIV (will be discussed with the provider at time of visit)
- **Prophylactic treatment** for STI-antibiotics given at time of visit; Hepatitis B immunization (if not already immunized)
- **Physical exam** (if indicated)
- **Follow up care**: 2 week follow up to retest for STI, 4 week follow up for retesting for pregnancy if Plan B taken
- **Emotional Support**: bridge to Counseling Services

## **Private, Protected, Safe**

If you are uncertain about an appointment or have any questions, please do not hesitate to call Health Services (717-337-6970- Option #1) and request to speak with one of our providers.
