Network registration will be required for both Ethernet and wireless Internet access. All computers and devices capable of running an Antivirus program will be checked for a valid Antivirus program with current definitions. If your computer or device has been previously registered, registration will not be required again.

Registration procedures are summarized below.

**Students, please do not register as a Guest, this is a limited time access account. If you have problems with registration call G‐Tech at 717‐337‐6935 for assistance.**

**Computers**
- Must have an Antivirus Program with updated virus definitions.
- Get to the college network – either plug in with a cable or access GBCWiFi wirelessly.
- Open your Internet Browser (Edge, Firefox, Chrome, and Safari).
- Select “I am a Student”
  - Do not register as a Guest if you are a Student. Guest accounts are for visitors only. They expire after a few days and cannot be renewed.
- Log on with your Gettysburg college username and password (same as logging on to CNAV).
  - Ignore any warning messages: the agent is safe, temporary, and harmless.
- You will receive a success page if your device has a valid Antivirus program and up-to-date definitions. If you receive a failure, please follow the links to install an Antivirus program of your choice and repeat the registration process.

**Smart Devices with a Web Browser (IPhones, Androids, Tablets, etc.)**
- Connect to GBCwifi
- Open your smart device browser and type in a random website. (Ex: www.tonkatoys.com)
- Read and follow the instructions carefully.
- Log on with your Gettysburg College username and password.
- You will receive a success page once your device has been registered.

**Wall Port**
Rooms are equipped with Ethernet ports, some rooms with have a Wall Plate with three ports labeled “V,” “D1,” and “D2.” “D1” and “D2” are the Ethernet Ports. “V” is a Voice Port meant for a landline telephone if one is requested. Other rooms are equipped with a Cisco Hospitality Access Point, this Access Point has 3 Ethernet Ports on the bottom along with a Pass‐Through port. The Pass‐Through port is always located on the left side and is specifically meant for a landline phone if one is requested.

All Video game consoles and Streaming Devices, including Smart TVs need to be plugged in with an Ethernet Connection. If you need an Ethernet Cable, G‐Tech can provide you one, no appointment needed, just stop in between G‐Techs open hours.

**Game Consoles and Video Streaming Devices**
Game consoles and video streaming devices are not permitted on the wireless network. Please register these devices on the wired network by following the instructions posted at

**Getting Help**

**Early Arrivals (as early as August 12th)**
Students arriving early can receive computing assistance from G‐tech starting Monday August 12th, from 8am to 5pm at the West Building or by phone at 717-337-6935 or email gtech@gettysburg.edu.

**August 21st only**
G‐Tech will visit First year dorm rooms on Wednesday, August 21st only if a problem cannot be resolved over the phone. For computing and TV questions and assistance, please call 717-337-6935. G-tech’s full hours of operation during regular semester hours and other computing tips can be found at www.gettysburg.edu/it.

**Telephone Information**
A telephone line and/or voicemail for students in College housing will only be provided upon request. Student‐provided answering machines are permitted for use on College telephone lines. Students may request college telephone and voicemail service by email at Telcomm@gettysburg.edu or call the Telecom Office at 717-337-6918 or 717-337-7000 option 4.
