

Six-Year Graduation Rates by Gender and by Race/Ethnicity

Note. Gender information was based on data reported to IPEDS by the Office of the Registrar. Those (domestic students) whose race and ethnicity were "Unknown" were included as a part of the "Domestic White" group.

Fall 2012 cohort and Fall 2014 cohort: One student in each cohort entered as an international student, and later changed status to US permanent resident; they were included in the international group for this purpose.

3-yr Overall=total retained in the Fall 2012-Fall 2014 cohorts/total number of students in these three cohorts when starting at the College (i.e., three recent cohorts combined).
